

Mean It (feat. Wrabel) [Midnight Kids Remix]

Cash Cash

Don't say a word if it don't come easy
Don't say a word if it is not true
Don't keep it all locked up like a secret
It's all I, all I ask of you I'll let you a little too close for comfort
I'll let you a little too close to me
I'll let you underneath the covers
If you come in, don't you leave Love me like you mean it
Touch me like you mean it
Love me like you got something to prove
Say it like you feel it
Hold me like you mean it
Love me like you got something to lose
Lo-love me like you mean it
Lo-love me like you mean it
Lo-love me like you got something to prove
Lo-love me like you mean it
Lo-love me like you mean it
Lo-love me like you got something to lose Paint me a picture with your body
Paint me on you like a tattoo
Paint me all over, don't you hurt me
Love me red out of the blue Love me like you mean it
Touch me like you mean it
Love me like you got something to prove
Say it like you feel it
Hold me like you mean it
Love me like you got something to lose
Lo-love me like you mean it
Lo-love me like you mean it
Lo-love me like you got something to prove
Lo-love me like you mean it
Lo-love me like you mean it
Lo-love me like you got something to lose Lo-love me like you mean it
Lo-love me like you mean it
Lo-love me like you got something to prove
Lo-love me like you mean it
Lo-love me like you mean it
Lo-love me like you got something to lose
