

Together We Will Conquer

[Paul Van Dyk](#)

Time will always tell
The reason why we love so well
Now I know what's mine
Stand the rest of time Try to picture the answer
To the question of my heart
Keep in mind
When that's looking we'll find Together we will conquer
Together we will conquer
Time will always tell
The reason why we love so well
Now I know what's mine
Stand the rest of time
Try to picture the answer
To the question of my heart
Keep in mind
When that's looking we'll find Together we will conquer
Together we will conquer
