

# Hunter

## Galantis

I am the hunter, I am the great unknown  
Only my love can conquer  
I am the, I am the hunter  
I am the hunter, into the wild we go  
Give up your heart, surrender  
'Cause I am the, I am the hunter We've been on this road to a place that, one day, we'll know  
Adventure to the other side  
Searching high and low for the treasure deep in your soul  
The fortune teller's always right Got the red eyes in the night  
Like a panther, outta sight  
Gonna sing my battle cry  
'Cause I am the, I am the, I am the  
I am the hunter, I am the great unknown  
Only my love can conquer  
I am the, I am the hunter  
I am the hunter, into the wild we go  
Give up your heart, surrender  
'Cause I am the, I am the hunter I am the  
I am the, I am the  
I am the  
I am the, I am the, I am the, I am the Strangers wild and free  
Through the flames, you're all that I see  
A force you, that you can't deny  
Heed my calling  
Lock and load, come running to me  
Dancing through the midnight  
Got the red eyes in the night  
Like a panther, outta sight  
Gonna sing my battle cry  
'Cause I am the, I am the, I am the I am the hunter, I am the great unknown  
Only my love can conquer  
I am the, I am the hunter  
I am the hunter, into the wild we go  
Give up your heart, surrender  
'Cause I am the, I am the hunter I am the  
I am the, I am the  
I am the I am the, I am the, I am the  
I am the, I am the, I am the hunt-  
I am the, I am the, I am the  
I am the, I am the, I am the hunt-  
I am-I am, I am-I am, I am-I am
