

# Crane Style (feat. Busta Rhymes)

## Raekwon & Busta Rhymes

[Intro: Raekwon]

Come on, man, you a wild dude, Chef  
Talk to them niggas, man, stop playing, man  
For real, man[Raekwon:]  
Redskin leather, Indian sex  
Pair of fresh Mocs on, lighting Lear on my flesh  
Let my arm roll, fresh off the honor roll, platinum bottles of Cru'  
All my niggas do what I got 'em for  
Extra flashy grind, hit 'em with a crisp rhyme  
Lines is nothing, blunt out, fuck him  
All we know is jewelry and I mashed that, everybody excited  
To see whatever bling on, smash that  
Clever, more like a fox and ox together  
Two stainless glocks, rocks and a feather  
Yeah, I'm from the lead era, shoot at  
Anything that move, and move out America  
And all we ever want is needed, seen it  
Like a young Filipino in Kuwait getting treated  
Heavy horror armor, spike a bitch like her  
Half a pound of good weed, then float through Gowanus  
Brilliant master, sixteenth chapel in the Apple  
Flooded up, Warridge wackos  
Park Hillians getting hillions, that means millions  
All on feet like Nigerian  
[Busta Rhymes:]  
Shallah, I got 'em  
Heat-seeking missile spit, don't even try to hide, nigga  
Sizzle through your skin bars, call me cyanide, bitch  
Try me if you want, homey, violation's a no-no  
I am the health hazard, skull & bone, poisonous logo  
Unleash the dragon, massacre the scene  
I'm spitting, burn a hole through the speaker,  
And start melting the street up  
Somebody please call the fire department  
And I'm a strong believer,  
Ya'll know that I ain't the one to start with  
Cause once the fuse is lit and we strike a match and the spark smell  
My fangs bleed and we nam them up like ox tail  
Ya'll see what's happening, ya'll know what the truth is  
Somebody please ask Shallah Rae why he making me do this  
Cause once I finish dudes, it's unfortunate for them yappers  
Throw them in the trash, they ain't no recycling bin for rappers

I microphone control, it's the current dominant factor  
The records been bodied, I personally request the pastor, gone
