

# Chase You Down (Radio Edit)

## RUNAGROUND

Ooh Ooh  
Don't let it slip away  
Ooh Ooh  
Don't let it get away Can you hear me right now  
I got your number  
And I'm callin' you out  
With liquid courage  
I can beat all my doubt  
There's not another  
So I'm chasin' you down  
Chasin' you down  
Can you see me right now  
I'm comin' closer  
Think I figured you out  
Not like the others  
You don't blend with the crowd  
I've blown your cover  
Now I'm takin' you down  
Takin' you down Can you hear me right now  
I got your number  
And I'm callin' you out  
With liquid courage  
I can beat all my doubt  
There's not another  
So I'm chasin' you down  
Chasin' you down  
Ooh Ooh  
Don't let it get away  
Ooh Ooh  
Won't let you slip away Can you see me right now  
I'm comin' closer  
Think I figured you out  
Not like the others  
You don't blend with the crowd  
I've blown your cover  
Now I'm takin' you down  
Takin' you down Can you hear me right now  
I got your number  
And I'm callin' you out  
With liquid courage  
I can beat all my doubt  
There's not another

So I'm chasin' you down  
Chasin' you down Can you see me right now  
I'm comin' closer  
Think I figured you out  
Not like the others  
You don't blend with the crowd  
I've blown your cover  
Now I'm takin' you down  
Takin' you down Ooh Ooh  
Don't let it slip away  
Ooh Ooh  
Don't let it get away  
Ooh Ooh  
Don't let it get away  
Ooh Ooh  
Won't let you slip away Can you hear me right now  
I got your number  
And I'm callin' you out  
With liquid courage  
I can beat all my doubt  
There's not another  
So I'm chasin' you down
