

# Beautiful Scars (feat. PnB Rock)

Kevin Gates

You know what it is  
You know how we hittin'  
Just know that we alright  
Just know that we alright Tatted your name  
Now I do know who you is  
If I had to I would do it again  
My partner died but on my arm he still lives  
I wear my heart on my skin  
Can't forget where I been  
You gave me scars  
Beautiful scars  
On my back and all  
You see how far I come  
You gave me scars  
Beautiful scars  
I'm out here going hard  
My nigga fuck with ya'll  
What we doin', pay attention  
Whenever you talk to me, I would always listen (I would)  
Never nothing wrong, it was always beneficial  
Entertainment realm get so superficial  
I was built for that pressure, I forgive you  
All praise be to god, I'm official  
In the game going hard, I been misused  
Fucked up in the brain, got some issues  
Ice box where my heart used to be  
Eskimo city, no feelings, I'ma igloo  
Know I'm way farther  
Than you thought I would be  
Ball 'til we fall, one call come and get you  
Got the bread dropped off when the rent due  
Hope you got that new car, that I sent you  
If you didn't baby please forgive me  
'Cause I don't give a fuck if you don't  
Tatted your name  
Now I do know who you is  
If I had to I would do it again  
My partner died but on my arm he still lives  
I wear my heart on my skin  
Can't forget where I been  
You gave me scars  
Beautiful scars

On my back and all  
You see how far I come  
You gave me scars  
Beautiful scars  
I'm out here going hard  
My nigga fuck with ya'll Handle business how I handle business  
Violate, you gotta get the business  
I went to leave, I had a different vision (right)  
Bad bitches wasn't tryna listen  
I was fucking on coaching (I would) , off concord in an apartment  
And rebels tryna get my caught in  
Lil Easy talkin' we're in the park lane  
Phil never jacked me, what you talkin' 'bout  
Bought a two and a quarter, in the middle of drought  
And lost 14 grams and he swap me out  
Ain't nothing else to really talk about  
I'm the one you get the green from  
I used to front it when you need somethin' (here you go)  
I move bail, fat lips and leeches  
Used to come and get the lean from  
I remember when being a stand-up guy  
Used to mean somethin'  
Now it means nothing Tatted your name  
Now I do know who you is  
If I had to I would do it again  
My partner died but on my arm he still lives  
I wear my heart on my skin  
Can't forget where I been  
You gave me scars  
Beautiful scars  
On my back and all  
You see how far I come  
You gave me scars  
Beautiful scars  
I'm out here going hard  
My nigga fuck with ya'll
