I'm from the Country

Tracy Byrd

Way back up in the country,, back in the hills
Down in the hollows where the folks are real
Living with the crazies and the old wildcats
Sawed off shot guns and coon skin caps
Thats where I'm from and I'm proud to say
I'm from the country and I like it that way. Everybody knows everybody

Everybody calls you friend You don't need an invitation Kick off your shoes, come on in

Yeah, we know how to work and we know how to play

We're from the country and we like it that way.

All day long we work in the fields

And bring it on home to a home cooked meal

We love you like sunday and treat you like saturday night

And when the beds get full we can sleep in the hay (hey)

We're from the country and we like it that way. Everybody knows everybody

Everybody calls you friend

You don't need an invitation

Kick off your shoes, come on in

Yeah, we know how to work and we know how to play

We're from the country and we like it that way.

Everybody knows everybody

Everybody calls you friend

You don't need an invitation

Kick off your shoes come on in

Yeah we know how to work and we know how to play

We're from the country, we're from the country

We're from the country and we like it that way...
