

# Handful

## Kelis

Hey you ain't ready for me  
Ain't ready for me, oh no, oh no  
Hey you ain't ready for me  
Ain't ready for me, oh no, oh no  
I'm known around the block  
To keep my weight up like the big guys  
Know how to throw my weight like the big guys  
I know I want too much, I got big eyes  
So I seek how to get it with these big eyes  
Catch me flossin' with my working pumps on  
Work 'em dress, work 'em lipstick on  
Your spoon ain't ready for this honeycomb  
If you a handful sing along  
Ba, ba, ba  
I'm a handful  
Ba, ba, ba  
Hear me beating down the block in my grey Porsche Cayenne  
Gotta be hot red like Cayenne  
See them dudes hittin' switches in them low lows  
I know how to hit them switches in them low lows  
You might see me with a 3 piece on  
Pin stripe, holla fitted cap on  
You ain't ready for this honeycomb  
If you a handful sing along  
Na na, na boo boo  
Is it overwhelming?  
Can't stand the drama  
Just can't help it  
Na na, na boo boo  
If you having problems  
This how you solve 'em  
Tell 'em you a handful  
(Ba, ba, ba)  
Hey you ain't ready for me  
Ain't ready for me, oh no  
I'm a handful  
(Ba, ba, ba)  
Hey you ain't ready for me  
Ain't ready for me, oh no, oh no  
Na na, na boo boo  
Is it overwhelming?  
Can't stand the drama  
Just can't help it  
Na na, na boo boo  
If you having problems  
This how you solve 'em  
Tell em' you a handful  
Ba, ba, ba  
I'm a handful  
Ba, ba, ba  
(Ba, ba, ba)  
Hey you ain't ready for me  
Ain't ready for me, oh no  
I'm a handful  
(Ba, ba, ba)

Hey you ain't ready for me  
Ain't ready for me, oh no, oh no
