

You Know That I Love You

Donell Jones

Mmm...
I really gotta know
If you trust me, do you trust me now, hey
I really gotta know You know that I love you
And that ain't gon' change
And though you're not here with me now
My love for you stays the same Don't worry about those other girls
They can't take your place
You know they only want my, my world
And you can't be replaced
(Girl, you know)
You know that I love you (Ooh, girl)
Girl, you're everything to me (Ooh, girl)
Just let me show you (Ooh, baby)
Just how much you mean to me It's been such a long time
Since I've been with you
My friends say I should play around
They wish they could tell what I found in you You know I'm not that other guy
Who broke your heart, mmm
You're still the only one in my, my world
Even when we're apart (Girl, you know)
You know that I love you (Baby)
Girl, you're everything to me (Just let me show you)
Just let me show you (Ooh... baby)
Just how much you mean to me (Girl, you know)
You know that I love you (You know that I love you,
pretty baby)
Girl, you're everything to me (Just let me show you)
Just Let Me show You (show you lady, girl yeah)
Just how much you mean to me (oh, Girl)
I only have Eyes for you (oh, baby)
Believe me what I say is true (you know its true now baby)
you know my heart belongs to you and only you
And you can't be replaced, girl you know... You know that I love you (You know that I love you
baby)
Girl, you're everything to me (you know that I love you Baby)
Just let me show you (Just let me show you now)
Just how much you mean to me (what you mean to me now) You know that I love you (say you
know that I love you baby)
Girl, you're everything to me (you're everything to me)
Just Let Me show You (Baby now, baby now, Yeah)
Just how much you mean to me (oh girl yeah) You know that I love you (you know that you

mean everything to me)
Girl, you're everything to me (oh girl)
Just let me show you (Just how much you mean to me)
Just how much you mean to me (oh girl) You know that I love you (Say you know)
(you know that you mean everything to me)
Girl, you're everything to me (won't you let me show you)
Just Let Me show You (Just how much you mean to me)
Just how much you mean to me
