

# Kings Season (feat. Rita J & Moongai)

C2C

There's a season for the kings to live, we watch it, watch it  
The revolution those screams, time is running, ru-ru-running  
The revolution those screams and we're waiting waiting Is it a very end of something or is it just  
the beginning? I'll be in the basement, rely in for placement

(-)

The futures I don't wasted get up at the matrix (oh oh ohhohh)  
Is it the last time, we talk together, the last time, we watch each other?  
The revolution those screams, time is running - ru-ru running  
The revolution those screams and we're waiting wai-wai-wai-waiting  
Kings season... ohoh Kings season... Is it the very end of something, or is it just the beginning  
Watch it burning, watch them falling, watch it burning hey hey

Ohoh, ohoh, ohoh

I'll be in a basement, rely in for placement

Change the loud is basic

The futures I don't waste it, get up at the matrix.
