

# Sold My Soul to Rock 'N' Roll

Bette Midler

Drive me home silver eagle  
Drive me away from last night's news  
Empty beds, crowds of people  
Oh come on, white girl, sing the blues  
Warm mister, hold me like you love me  
Why don't you make me feel real good for free?  
And if free don't mean for nothing  
Let's just say this one's on me  
Yeah  
You know ICHORUS:  
Sold my soul to rock 'n roll  
I bought these devil chains  
My baby wants me home, can't refuse him  
Sold my soul to rock 'n roll  
It's time to take that train  
The one that goes from heaven  
Straight to Houston, oh Oh, I need a short vacation  
Restin' in my baby's arms  
But the road goes on forever, forever, forever  
It keeps on going, but I'm gone  
oh oh oh CHORUS  
Did you like it?  
Was it good?  
Did it make you wanna cry?  
Did you like it?  
Am I good?  
Is it worth another try? Sold my soul to rock 'n roll  
It's time to take that train  
The one that goes from heaven  
Straight to Houston  
The one that goes from heaven  
Straight to Houston
