(Oh Oh Oh) Girl give me that  
(Lil Webbie) - Verse 1  
You know you want it  
Girl don't act like you don't want it  
Girl I want it just as bad as you do  
And look see I can tell from this lil vibe  
You got me feeling that you dig me  
Boo I'm digging you too  
You wanna be one of the chosen few  
Then gon jig up in this motherfucker  
Maybe me and you can do it big up in this motherfucker  
Sit you in a crib where you can chill  
Don't have to move a muscle  
Give you some be good now you be good  
Daddy gon hustle  
Come here let me Whisper in your ear  
I gotta tell you something  
Listening to this song kinda make a nigga want something  
Did some daydreaming  
Now I'm fiending like I'm on something  
Girl don't hold it from me  
Cause right now I'll be don strong on ya  
I ain't the type to ruin your life  
By running game and throwing your dreams  
Get in your brain suit your game  
Ease your pain and show you things  
Sit you on some leather seats while blowing green  
And switching lanes  
Girl stop playing games let me beat it out the frame  
(Chorus - repeat 4X)  
Girl give me that pussy  
Girl give me that  
Girl give me girl give me that there(Bun B from UGK) - Verse 2  
She five foot seven a hundred and thirty nine pounds  
Thirty six twenty four thirty eight pretty fine brown

Bad lil broad I ain't seen her in a minute  
Since the All-Star game and I'm still tryin to hit it  
Got a baby for this nigga that I used to sell things  
He caught a fed case and he ain't leave her no change  
She sold all his jewels she sold all his cars  
Now she dancing in the shaker club stripping for the stars  
Sliding down the pole slow drop it to a split  
Pussy popping on a handstand man she the shit  
She still looking tight though  
Still built right though  
Run my game right and after the club  
She might go back to the telly with me  
Shake her jelly with me  
Let my people bust on her face and her belly with me  
I got Lil Webbie with me and he ain't hating  
We some players in this bitch so baby stop hesitating(Chorus - repeat 4X)  
Girl give me that pussy  
Girl give me that  
Girl give me girl give me that there(Lil Webbie) - Verse 3  
Now I can tell from your size that that pussy is fire  
So I'm here and willing to give you whatever it require  
For you to lay down on your back and then open your thighs  
Long sharp deep and wide have you rolling your eyes  
You a big fine horse I had no choice but to try it  
Look like it's worth a couple g's but ain't some shit I buy  
Let me whisper in your ear again I ain't gon lie  
I might share a lil meal just don't tell nobody  
Look you know you want it  
Girl don't act like you don't want it  
Girl you want it just as bad as I do  
But check this out  
You gon be wishing that you been gave me your money  
By the time I finish rumbling with you  
While rhymes get loose let's take this shit to the room  
And you just keep yourself excited til we get to the room  
Cuz I've been rocked up since I met you  
I'm ready to give you the blues  
Don't stunt now take off your shoes  
Don't act confused you know what time it is(Chorus - repeat 4X)  
Girl give me that pussy  
Girl give me that  
Girl give me girl give me that there
