

# Let a Playa Get His Freak On (feat. Jazze Pha)

## LSG

I'll make it hot like a wet dream  
Strawberries, hot fudge baby, whipped cream  
We in the shower for one hour, what's a freaky scene  
I'll lick you from your head to your toe  
Get you squeaky clean  
Let a playa get his freak on, 'cause you're bringin' out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Just let a playa get his freak on 'cause you're bringin'  
out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Girl, I like just what you're givin' me  
I can satisfy your fantasies  
If you want my lovin', here it is  
I got so much love, I really want to give  
Anything that you want I'll give it to you  
Anything that you need I'll make your dreams come true  
If you want my lovin' baby, here it is  
Pimp and show, light, easy but it's all I can give  
Let a playa get his freak on 'cause you're bringin' out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Just let a playa get his freak on 'cause you're bringin'  
out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Tell me baby, do you like what you see?  
I can satisfy your every need  
You should know by now that I like to beg  
Baby girl, you don't have to be afraid  
When we make good lovin' girl, I'll make you scream  
You can do that thing girl, you know what I mean  
If you want my lovin' baby, here it is  
Pimp and show, light, easy but it's all I can give  
Let a playa get his freak on 'cause you're bringin' out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Just let a playa get his freak on 'cause you're bringin'  
out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
How ya like it baby, front to back  
I make you dizzy hittin' switches, gettin' busy in my Cadillac  
I know you wanna get your freak on, baby girl  
Come take a trip with LSG all around the world  
Hear my chips go, hear my whips roll  
Got the black stretch Hummer on the stage at the show

So how ya feel? I'm all true like Alexander O'Neill  
With a hundred and fifty percent freak appeal  
I'll work you right, make ya sweat, pop goes your mind  
Episode, bang it like nickel-plated nine  
Free your conscience baby, relax your mind  
You better get yours 'cause I'mma get mine  
I'll make it hot like the kitchen, watchin' my gravey thicken  
Noon time, Jazze Pha, you can't vanish, drop a slick one  
So if you see a cutie on the floor, get wonderin'  
Maybe later on tonight, she get her freaks on  
Let a playa get his freak on 'cause you're bringin' out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Just let a playa get his freak on 'cause you're bringin'  
out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Let a playa get his freak on 'cause you're bringin' out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Just let a playa get his freak on 'cause you're bringin'  
out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Let a playa get his freak on 'cause you're bringin' out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Just let a playa get his freak on 'cause you're bringin'  
out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Let a playa get his freak on 'cause you're bringin' out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy  
Bringin' out the freak in me, satisfy your fantasies  
Girl you make me freaky deaky, freaky deaky  
Let a playa get his freak on 'cause you're bringin' out the freak in me  
Hurry up 'cause I'mma be gone, well I can satisfy your fantasy
