

# Too Late to Say Goodbye

## Cage the Elephant

Oh, my precious ember burning,  
My sweet glowing light.  
From the moment I first saw you,  
I was yours and you were mine.  
Deep down we both knew  
You were trouble by design  
And the echo of my mother's words  
"Baby don't you play with fire"  
I was always playing the part  
First love  
Only set by a spark  
There was  
No way of changing my mind  
Now I'm under your spell  
Trapped in a lie  
Shouldn't have stood that close to the fire  
No turning back  
No where to run  
No where to hide  
It's too late to say goodbye  
Push back from my heart, wish we go back to the start  
But oh my God is this real  
No more time  
It's too late  
It's too late to say goodbye. I can hear the sounds of sirens circling around  
Forced to watch the ashes floating softly drifting to the ground  
Deep down we both knew it was trouble by design  
And the echo of my mother's words  
"Baby don't you play with fire"  
I was always playing the part  
First love  
Only set by a spark  
There was  
No way changing my mind  
Now I'm under your spell Trapped in a lie  
Shouldn't have stood that close to the fire  
No turning back  
No where to run  
No where to hide  
It's too late to say goodbye  
Push back from my heart, wish we go back to The start  
But oh my God is this real

No more time It's too late  
It's too late  
It's too late to say goodbye After all the dust has settled we can settle down  
Just the two of us forever no one else around No one else around  
Around  
Now I'm under your spell  
Trapped in a lie  
Shouldn't have stood that close to the fire  
No turning back  
No where to run  
No where to hide  
It's too late to say goodbye  
Push back from my heart, wish we go back to the start  
But oh my God no where to escape  
No more time  
It's too late  
It's too late  
It's too late to say goodbye.
