

She on My Dick (feat. Gucci Mane)

Rick Ross

Who at the door?
Put the money up
I'ma be done kilt one of these niggas 'round here man
Who dat is?
UhhhhhI had to wet the donkey, get some pillow seats
Parkin' bean projects where the killers be
Can't be talkin' out loud or niggas gettin' shot
Homicide, died in the line of hip hop
All my niggas out the scott snagged the quick slop
Swear to god I'ma die for this wristwatch
Growing up at risco they called us piss poor
Realest nigga in the city, let a bitch know
Red bottoms all white just to shoot dice
Rick Brown leave ya, do it like I'm Big Mike
Jabar home, going on his fifth Rolls Royce
I drop the top and let him wave at the dope boys
Fake golds, niggas front with these dracos
Walk up on 'em with the forty and the case closed
Double M the label with the most pesos
I bought a condo and that bitch got eight floors
She on my dick, she on my dick
Richest nigga in the city so she on my dick
It make sense, she on my dick
Making moves in the city so she on my dick
She on my dick, she on my dick
She on my dick, she on my dick
She on my dick, she on my dick
I'm making moves, she on my dickI get a rush when I see these bitches watching me
It's like a high when I see these bitches jocking me
She on my dick like she heard what I'm ordering
Drop top Mulsanne, it's just one of these
She on my dick like she seen some' she shouldn't've seen
Two hundred thou', one hundred's crammed in my Givenchy jeans
And she just wanna make a scene, tryna join the team
And I just wanna paint her face like it's Maybelline
Bill Belichick, I just got another ring
Bust another check and I just bought a new machine
And like the Chargers I'm about to move the team
You bought a Charger, well Gucci bought a Lamborghini
She on my dick, she on my dick
She on my dick, she on my dick
She on my dick, she on my dick

Richest nigga in the city, she on my dick
She on my dick, she on my dick
She on my dick, she on my dick
She see my moves, she on my dick
The richest nigga, yeah she on my dickBaby girl do your thing in your Vera Wang
Ever dealt with a nigga still dealing cocaine
Never made it to the game before it's halftime
Ten stacks for the seats or you can have mine
Never seated by a snitch, they give me bad vibes
Pop a bottle every time you niggas flatline
Lot of bitches but I focus on my fab five
Made her count a half a ticket on the cab ride
Bitch ass nappy girl, you need that rich shit
It take real heart to wanna be a rich bitch
She was the youngest and her mama had six kids
Called her a dummy but she turned into a rich bitch
Run with a nigga with some money out in Memphis
She was posting pictures of the gifts that he would gift her
But the pussy goes to the richest nigga
And guess what? Rozay is that nigga!She on my dick, she on my dick
She on my dick, she on my dick
She on my dick, she on my dick
Richest nigga in the city, she on my dick
She on my dick, she on my dick
She on my dick, she on my dick
She see my moves, she on my dick
The richest nigga, yeah she on my dick
