

# Can't Stop (feat. Kanye West)

## Theophilus London

Oh, girl  
Take all, can't stop  
My love Can't stop, you can't stop  
Can't, can't stop, you can't stop my love  
Can't stop, you can't stop my love  
Everything she was doin' was cool, but it ain't Ralph though  
Might have gave me head in the pool, that ain't your mouth though  
Might have caught you clappin' every Sunday at church  
You still ratchet cause they play your favorite song and you twerk  
Designer purse on your arm, 'bout the size of a duffle bag  
And them brand new titties cost a couple racks  
Feelin' on a girl's ass with a troubled past  
Chainsmokin' every day, at least a couple packs  
You know I always hit you deeper than a baritone  
Bone you with my jewelry on, that's a herringbone  
Hotter than Arizon', fresher than aerosol  
These condom rappin' ass niggas wasn't ever raw  
It's aight but it ain't Ralph though  
And unless your money talkin' keep your mouth closed  
We smokin' indo outdoor, in Palo Alto  
If this party ain't got hoes my intro's my outro+ (simultaneous)  
Please spend the night forever  
The silence in my room is louder than kaboom  
Let's skip the north freeze for the southern breeze  
The grass is always greener when there's bumblebees  
She said to bring the flower seeds, I'll bring the pumpkin seeds  
Shorty on the [?] foreign shit, she fucked the seed  
We set alarm clocks just to wake and bake  
She cooked up a salt fish and I fry the bake  
Dresses by Margiela, lookin' so heavenly  
She one step ahead of me, jewelry by Jenavi  
Start sittin' by the lake, don't have no enemies  
We'll have epiphanies, take you to Tiffany's  
Wake you up early when the boat leaves, baby  
Call you on the dock, you can smoke trees, baby  
Livin' that life, you up in the air  
Don't care, you can't, you can't stop it, babyx2x2+ (simultaneous)
