

# Throw Down

## Mates of State

Cut out of the same rope  
Moving in directions  
You are the same but yet not I  
You are the same but yet not I Domesticate everybody c'mon (down down)  
It's so normal and I like what you say  
(Common sense sometimes)  
Domesticate everybody c'mon (down down)  
It's so normal and I like what you say  
(Common sense sometimes) Made out on the getaway  
Losing isn't all it's worth  
I have just one job in my mind  
I have just one job in my mind  
Domesticate everybody c'mon (down down)  
It's so normal and I like what you say  
(Common sense sometimes)  
Domesticate everybody c'mon (down down)  
It's so normal and I like what you say  
(Common sense sometimes) Come inside and see this sight  
And watch it grow now  
We're not here  
(I'm working up)  
I'm stacking masters Meet you there  
(We'll take what's next)  
From where it left us  
Come inside and see this sight  
And watch it grow now  
Grow now  
Grow now  
(Throw down) Domesticate everybody c'mon (down down)  
It's so normal and I like what you say  
(Common sense sometimes)  
(Throw down) Domesticate everybody c'mon (down down)  
It's so normal and I like what you say  
(Common sense sometimes) Down down  
Down down
