

It's Like Insomnia (feat. Jojo B)

DJ Antoine, Mad Mark & FlameMakers

Shining like diamonds
Bring our hearts together
We last forever
Let's break the speed of sound
Tonight we know
Tonight we go
It's like insomnia
The sun is rising
Still chasing the dream
Insomnia
All the lights are taking over me
Miles away, miles away
It's okay, it's okay, yeah
Cause we be coming out and breaking the day
With insomnia
We gotta live and forget about insomnia
Breaking twilight
The sun may be arriving
But restless in motion
We move to keep the sound alive
We know
Tonight we go
