Jungle

Say it how I'm feelin' Ain't easyYou know, you know Time and time again, ooh! Time and time again! Ooh! Say it again Just hold on tight Don't let in, yeah I'll run alright Don't let me Oh just let it out Time and, time and, time and, time again Time and, time and, time and, time again Breakin', now I'm feelin' You see me I know, you know Time and time again ooh Time and time again ooh Say it again Oh just hold on tight Don't let in, yeah I'll run alright Don't let me Oh just let it out Time and time and time and time again Time and time and time and time againOoh, ooh Not even there What he's speaking of what is happenin' My head is in space You know, you know Time and time again! Just hold on tight Don't let in, yeah I'll run alright Don't let me Oh just let it out Time and time and time and time againOh just hold on tight Don't let in, yeah I'll run alright, Don't let me Oh just let it out Time and time and time and time again
