

Astra Et Luna

Enya

Caelum noctis;
In Tenebris
Astra et astra et luna
Non nubilae
Caelum serenum
Tantus cantus ventus
Amoenum mare
Amoena terra
Amoena orbis terrarium Salum et aestas
Et via procul
Navis noctuabundum Amoenum mare
Amoena terra
Amoena orbis terrarium
Amoenum mare
Amoena terra
Amoena orbis terrarium
