

# Give

## Missing Persons

When's the last time you really touched someone  
How did it feel  
Did it surprise you when you found yourself unselfish  
Did it seem unreal  
The pressure's everywhere - everywhere around you  
Beckon you to turn the other way  
But I say the results are superficial  
There's only one way to play Give-when you have anything at all to give  
You have everything to live for  
(Give all you've got to give)  
After you've given all you can  
Give again, give again, give again  
Give - when you have anything at all to give  
You have everything to live for  
(Give all you've got to give)  
After you've given all you can  
Give again, give again, give again Put your head where your feet are going  
'Cause the good outweighs the bad  
It's you that should be - you should be knowing  
It's for what you give not what you have  
When it seems you - you can't give enough  
Realize it's the good you do it for  
So when the going gets a little bit tough  
You've got to give a little bit more Give-when you have anything at all to give  
You have everything to live for  
(Give all you've got to give)  
After you've given all you can  
Give again, give again, give again  
Give-when you have anything at all to give  
You have everything to live for  
(Give all you've got to give)  
After you've given all you can  
Give again, give again, give again When you're looking for an answer  
Nothing seems to fit  
Don't give up  
You've got to let your heart become the  
Mirror of your mind  
Give in  
Don't wait for something to cause you reason  
Set your goal let your mind follow through  
When you feel something to believe in  
You'll make all your dreams, all your dreams come true Give-when you have anything at all to
