Distance versus time  
Cutting verses down to size  
Focus versus tears versus how did I get here  
Versus curses in your eyesForce of nature versus range  
Nature versus what is strange  
There's a fire starting here versus there's nothing to fear  
Versus lonely versus safeLike a kitten versus rain  
A cathedral versus love versus shame  
Free versus out to sea  
Versus versus versus me, versus me  
Distance versus time  
Cutting verses down to size  
Focus versus tears versus how did I get here  
Versus curses in your eyesForce of nature versus range  
Nature versus what is strange  
There's a fire starting here versus there's nothing to fear  
Versus lonely versus safeLike a kitten versus rain  
A cathedral versus love versus shame  
Free versus out to sea  
Versus versus versus me, versus me  
Like a kitten versus rain  
A cathedral versus love versus shame  
Free versus out to sea  
Versus versus versus me, versus me
