

Just Got Back from Baby's

ZZ Top

Now I just got back from baby's
we been rollin' all night long.
No I just got back from baby's
we been rollin' all night long. She come on likes and loves me
but I feel like somethin' wrong.
Now, sometimes I go see baby
and sometimes she come see me. I said, sometimes I go see baby
and sometimes baby come see me.
I got a funny, funny feelin'
I'm not the only man she sees.
Now, I just got back from baby's
the big white house on the hill.
I said, I just got back from baby's
the big white house on the hill.
If her lovin' don't get me
I know her husband will.
