

# Her Life

## Two Feet

Everyday she sees her life  
In fade away, and pass her by  
Walking shadow  
Walking shadowWants to leave her lonely town  
Wants to go and fuck around  
Walking shadow  
Walking shadowIt's her life  
It's her life  
It's her life  
It's her life  
Wants to quit her lover's house  
Get new house and move around  
Walking shadow  
Walking shadow  
Lives in dreams and self-told lies,  
She saw world through jaded eyes  
Walking shadow  
Walking shadowIt's her life  
It's her life  
It's her life
