

# Superstar

## Saliva

Now has come the day  
that i take the lead  
and i make you follow  
toast your champagne  
cuz i came for greed  
and not for tomorrow  
if it feels good then it feels good  
and I do it all day  
you want me to play  
you best bring your brain  
you best bring your money

YEA

Make me a superstar

YEA

No matter who you are These are painted lines

And I walk the line  
without fearing no-one  
damn my throat is dry  
i can't taste the wine  
from these empty bottles  
films & magazines  
is all what I need  
and all what I planned on  
where's my limosine  
it's just like a dream  
that i wont wake up from

YEA

Make me a superstar

YEA

it don't matter who you are

YEA

Make me a superstar

YEA

No matter who you...and all of my pills

and all of my trays  
is makin me makin me makin me  
and all that i feel  
and all that i see  
is makin me makin me makin me cover me in greed  
cuz you planted the seed  
when you fed my ego  
needles and disease

fool invincible me  
like some kind of hero  
is it no surprise  
that i'm paralyzed  
by my fame and fortune  
as I close my eyes  
and I reach at the sky  
I'm dead twenty seven YEA  
Make me a superstar  
YEA  
it don't matter who you are  
YEA  
(yeah)  
Make me a superstar  
YEA  
No matter who you are and all of my pills  
and all of my trays  
is makin me makin me makin me  
and all that i feel  
and all that i see  
is makin me makin me makin me  
and all of my pills  
and all of my trays  
is killin me killin me killin me  
and all that i feel  
and all that i see  
is fakin me fakin me fakin me YEA  
Make me a superstar  
YEA  
it don't matter who you are  
YEA  
Make me a superstar  
YEA  
No matter who you are
