First thing (aha), wake up out of dream (aha)  
Grab a light (aha), something I can steam (aha)  
Bong rip (aha), make sure it's clean (aha)  
Smoke sesh (aha), nigga what you mean? (aha)  
In my car (aha), cruising down the street (aha)  
So stoned I'mma need something to eat (aha)  
No tray (aha), ashes on my seat (aha)  
High it up (aha), Taylors on my feet (aha)  
Cloud 9 (aha), going through my mind (aha)  
Take a toke (aha), hold it 'till you choke (aha)  
Moving forward (aha), cruising on my board (aha)  
Still got more (aha), burn it to a short (aha)  
(And I'll be floating)  
I get so high, fuck around and never come down  
I get so high, I get so high  
(And I be floating)  
I get so high, fuck around and never come down  
I get so high, I get so high  
(And I be higher than a motherfucker)  
High up and we're floating  
Don't know where we're going  
Night until the morning  
We're rolling, rolling, rolling  
High up and we're floating  
Don't know where we're going  
Night until the morning  
We're rolling, rolling, rolling  
Tell that nigga use a grinder for that weed (aha)  
And tell him "Roll another joint, don't fall asleep" (aha)  
Smoke peace (aha), pipe like a chief (aha)  
Heard you got a cheaper price for that reefer (aha)  
What you need? (aha), never find a seed (aha)  
Take a dab (aha), straight THC (aha)  
For the highest in the room look at me (aha)  
Somewhere in the clouds that's where we wanna be (aha)  
Got you s(aha), not just for the look (aha)  
Half the day (aha) rolled the whole book (aha)  
Drive slow (aha), blowin by the O (aha)  
Eyes low (aha), everybody know it damn  
(And I be floating)  
I get so high, fuck around and never come down

I get so high, I get so high  
(And I be floating)  
I get so high, fuck around and never come down  
I get so high, I get so high  
High up and we're floating,  
Don't know where we're going,  
Night until the morning,  
We rolling, rolling, rolling,  
High up and we're floating,  
Don't know where we're going,  
Night until the morning,  
We rolling, rolling, rolling,  
Growing up (aha), never gave a fuck (aha)  
Pulling out the 62 and showing up (aha)  
26, guess that mean I'm growing up (aha)  
Pouring up (aha), all my niggas rolling up  
Making sure that...  
I get so high, fuck around and never come down  
I get so high, I get so high  
(And I be floating)  
I get so high, fuck around and never come down  
I get so high, I get so high  
(And I be floating)  
High up and we're floating,  
Don't know where we're going,  
Night until the morning,  
We rolling, rolling, rolling,  
High up and we're floating,  
Don't know where we're going,  
Night until the morning,  
We rolling, rolling, rolling
