

# Jekyll

## Hiatus Kaiyote

Doctor Jekyll and Mister Beanbug  
And now my Hyde again  
If he comin' wrappin' on my door  
I'm not gonna answer it I've been grievin' old fashioned at the seed,  
My seamless friend  
I've been grievin' old fashioned at the seed,  
My seamless friend Circle once, rise, this bust has a rusted drive  
Slip your flux right past your fortress  
We all are born to die  
We all are born to die, yeah  
(Oh oh oh oh oh oh oh oh oh oh) x2 (Hey yeh yeh oh oh) x16 (Oh oh oh oh oh oh oh oh oh oh) x6  
Least this here, now, sweet peace of mind  
Awake this light  
Least this here, now, sweet peace of mind  
Always in flight Least this here, now, sweet peace of mind  
Awake this light  
Least this here, now, sweet peace of mind  
Always in flight  
Least this here, now, sweet peace of mind  
Awake this light  
Least this here, now, sweet peace of mind  
Always in flight
