Jekyll

Hiatus Kaiyote

Doctor Jekyll and Mister Beanbug
And now my Hyde again
If he comin' wrappin' on my door
I'm not gonna answer itI've been grievin' old fashioned at the seed,
My seemless friend

I've been grievin' old fashioned at the seed, My seemless friendCircle once, rise, this bust has a rusted drive Slip your flux right past your fortress

We all are born to die

We all are born to die, yeah

Awake this light

Least this here, now, sweet peace of mind Always in flightLeast this here, now, sweet peace of mind

Awake this light Least this here, now, sweet peace of mind

Always in flight

Least this here, now, sweet peace of mind

Awake this light

Least this here, now, sweet peace of mind

Always in flight
