

# The Obvious

Khalil

Yeah, yeah, yeah  
Yah, yah, yah, yah Waiting for you to get here's gon' drive me crazy  
Got something you could take I know it's gon' get you ropin'  
Girl let's get this going 'cause I value my time  
Sure it isn't fair baby  
You know I can never get it no  
Got it down that's enough for me baby  
It's time for me to believe it, nobody found you baby  
Might as welcome fuckin me 'cause you know I got it baby  
I'm tryin' to get in between as soon as I saw you baby  
You know I got it, got it  
You know I got it baby  
You know I got it, got it  
You know I got it baby  
You know I got it, got it  
You know I got it baby  
Yes you know I got it, got it  
You know I got it baby Your body do me, baby don't be lazy  
Try to get into it, don't forget the motion  
Girl let's get this going 'cause I value my time  
I know it isn't fair baby  
You know I can never get it no  
Settle down that's enough for me baby  
It's time for me to believe it, nobody found you baby  
Might as welcome fuckin me 'cause you know I got it baby  
I'm tryin' to get in between as soon as I saw you baby  
You know I got it, got it  
You know I got it baby  
You know I got it, got it  
You know I got it baby  
You know I got it, got it  
You know I got it baby  
Yes you know I got it, got it  
You know I got it baby Pick it up, don't fuck up the timin' baby  
You know I'ma beat it up oh no, no don't try me baby  
Been there myself, I wanna touch you baby  
Lately I ain't meet a nigga that could play me  
Ain't it funny when I saw my worst times man I never saw ya  
Wonder if I had some problems could I ever call ya  
Man sometimes you make decisions that come back and hurt ya  
Heard ya  
I can relate to it

Promise you just got away for it  
I'll prolly take four weeks  
I lost my way for it  
Can't put the flags yeah  
You know I came from nothing  
Fuckin' my face yeah  
Miss movin' all that bullshit  
I swear sometimes we could do it all again  
Settle down that's enough for me baby  
It's time for me to believe it, nobody found you baby  
Might as welcome fuckin me 'cause you know I got it baby  
I'm tryin' to get in between as soon as I saw you baby  
You know I got it, got it  
You know I got it, got it  
You know I got it baby  
You know I got it, got it  
You know I got it baby  
Yes you know I got it, got it  
You know I got it baby
