Are we safe alone tonight?
The ... moans an eagle crying out but trying not to choke
He looks for somewhere safe to die
His never trying heart you bullshit me to give it one more time
Although my instinct wants him to survive
All of the digits stand and look up height
Look at the light! That's like something
And I'm sorry I caught you in my life
Eagle on my head tonight...
That always seems a bit too high
I could touch you with my...
And now the mountains I can't climb
I'm just eating for something
And I'm sorry I caught you in my life
I'm hunting and I don't know why
Now my heart is taking over
Now my heart is taking over
And evil start talking
It's hard to know why
Are we speaking our mind
Or just passing the time?
It's addictive like ...
But that holds up the...
But I liked you ... and talking to you!
