

Far Out With You

S No S

I got pressure pressing, contracts binding and a tangled web to weave
I start just so i can stop, I wake dreaming of more sleep Until finally i break I go

Far out with you

I float

Far out with you

it's so

far out with you

it's so far out

You break my concentration, dangle there, sweet temptation
no amount of motivation, could overcome my desperation for you until finally i break

you help me escape

won't you let me go

won't you let me go

Far out with you

It's so

Far out with you

I float

far out with you

it's so far out

Just when i think i've lost it and i cannot stand this place
you come and take me with you and we go to outer space

you get me reeling and i lose all track of time

I can't feel any feelings and I've got nothing in mind
