

Take Me Away

Seether

As beautiful as fire,
Against the evening sky,
You fuel the lost desire,
I no longer want to die
Take me by the hand,
And see beyond the light
Strip away the fences,
Leave me needing, leave me high I know you're so, so low
that I can't...Take me away (x3)
coz I don't wanna lose control
Take me away (x3)
coz I don't wanna lose it all
Relieved of all the pain,
You let me see again,
Delivered from my shame,
Now I am lost for what to say.
Cleansed and pure and weak,
I suffer when I dream,
I need to find a purpose,
I need to feel you needing me. I know you're so, so low
that i can't...Take me away (x3)
coz I don't wanna lose control
Take me away (x3)
coz I don't wanna lose it all Pure and weak,
I suffer when I dream.
Cleansed of me,
I suffer when I dream.
Want you to stay,
You take the pain away,
I want you to stay,
I need you here to keep me sane.
Want you to stay,
You take the pain away,
I want you to stay...Take me away (x3)
coz I don't wanna lose control
Take me away (x3)
coz I don't wanna lose it all Want you to stay,
You take the pain away
I want you to stay,
I need you here to keep me sane.
Want you to stay,
You take the pain the away

I want you to stay
I need you here to keep me sane
