

Made It

Teyana Taylor

Girl you workin' some ass, you bad, yeah
Make a nigga spend the cash, yeah, his bag, yeah
Girl you workin' some ass, you bad, yeah
Make a nigga spend the cash, yeah, his bag, yeah
Girl you made it, you made it
Oh yeah, you made it, you made it
Baby girl, you made it, you made it
Oh yeah, you made it, you made it It's been a long time comin' (Comin')
All these blessings rollin' in, I ain't even see 'em comin' (Comin')
Too hard, too hard, I been goin' too hard now (Ha)
They say I need a vacation, say I need to slow down
And I ain't tryna slow down
Pretty face with a bad attitude (Bad attitude)
Workin' like I got too much to lose (Too much to lose)
Built this shit up on two by two's
I want it now, I paid too many dues
Head up and my heels high (Heels high)
This what life supposed to feel like (Feel like)
Lookin' like I'm in the gym right (Gym right)
Takin' side pics with the daylight (Daylight, hmm, hmm) Girl you workin' some ass, you bad,
yeah
Make a nigga spend the cash, yeah, his bag, yeah
Girl you workin' some ass, you bad, yeah
Make a nigga spend the cash, yeah, his bag, yeah
Girl you made it, you made it
Oh yeah, you made it, you made it
Baby girl, you made it, you made it
Oh yeah, you made it, you made it
No more stressin'
I can't control God's timing, learned my lesson
Can't trust too many people, shit gets reckless
More rings, I changed, I changed
Who's really on my side now?
Who's really gettin' down now?
My baby told me True love, true love
Every day it's new love
Wake up to my daughter and my hubby, now that's cool love
Guess I never knew love Head up and my heels high (Heels high)
This what life supposed to feel like (Feel like)
Throw it back, throw it back now (Back now)
Hold the na-na,
Yeah, yeah, yeah, yeah Girl you workin' some ass, you bad, yeah

Make a nigga spend the cash, yeah, his bag, yeah
Girl you workin' some ass, you bad, yeah
Make a nigga spend the cash, yeah, his bag, yeah
Girl you made it, you made it
Oh yeah, you made it, you made it
Baby girl, you made it, you made it
Oh yeah, you made it, you made it Self love is the best love (Best love)
Yeah, yeah
Self love is the best love
