

# Wasted Time (Lost Kings Remix)

Vance Joy

Why...  
Why did you go wasting your time on me  
You're so beautiful now  
There's so much that's left for you now  
O, yeah, babe And why...  
Why did you go flashing those eyes at me  
You know that I'm eager to please  
I've always been eager to please You  
O, yeah, babe  
Well I, I've got a lot to say  
And I am scared, That you're gonna slip away  
And You, You've got this wide eyed gaze  
And a smile, That You carry through your days  
O, Why,,, O, Why  
It's the easiest way, to know You're a liar  
And the beauty Ya heard  
I see Ya talking with her hands  
Well I don't think  
she knows  
How she changed all my plans  
And why  
Why did you go wasting your youth on me  
You're so beautiful now  
There's so much time left for You now  
Oh, yeah, babe  
And Why  
We look at the faces on your bedroom wall.  
Well, nobody's perfect at all.  
Sometimes it makes ya feel small.  
Oh, yeah, babe  
Well I, I've got a lot to say  
And I am scared, that You're gonna slip away  
And You, You've got this wide eyed gaze  
And a smile, That You carry through your days  
O, Why,,, O, Why  
It's the easiest way, to know You're a liar  
And the beauty Ya heard  
I see Ya talking with her hands  
Well I don't think  
she knows  
How she changed all my plans  
The things that I thought would last

Well, they're fading, they're fading  
The feelings, I used to have  
Well, they're changing, they're changing  
The things that I thought would last  
Well, they're fading, they're fading  
The feelings, I used to have  
Well, they're changing, they're changing,  
they're changing now.
