

Good Enough (Michael Brun x The Ready Set)

The Ready Set

Running to the middle of nowhere
Chasing the ghost of the life we shared
I'm a monster (well aware of that)
And I never wanna hold you back So I won't ever let you down
Oh, I know, I know that we can work this out All that I wanna do is just be
Good enough, good enough, good enough for you
All that I wanna do is just be
Good enough, good enough, good enough for you
Good enough for you, you, you, you
You you you you, you you you you
You you you you, you you you you
You you you you
Fire burned from the night we met
Blue as the sea, swimming in your bed
And there might be so much I've left
But I can't stop 'til I get you back So I won't ever let you down
Oh, I know, I know that we can work this out All that I wanna do is just be
Good enough, good enough, good enough for you
All that I wanna do is just be
Good enough, good enough, good enough for you
Good enough for you, you, you, you
You you you you, you you you you
You you you you, you you you you
You you you you
(I see you...)
All that I wanna do is just be
Good enough, good enough, good enough for you
(...forever, fire burning blue)
(I see you...)
All that I wanna do is just be
Good enough, good enough, good enough for you
(...forever, fire burning blue)
Good enough for you, you, you, you
You you you you, you you you you
You you you you, you you you you
You you you you
