

# One Love, One Kiss, One Drink, One Song

## Chase Rice

And you know, I really thought I was moving on  
'Til that George Strait song came on  
Goin' on about his ex from Texas  
That's a me, that's a memory  
Yeah, I don't miss  
'Til the king brought you up into the speakers of this truck  
Now you're stuck here in my mind Everybody got that one love, that one kiss  
Keep thinking 'bout, what you're gonna miss  
As soon as they go  
Everybody got that one drink, that one song  
Drowns you out, takes you along  
Down memory road  
I drive my Chevy, crank the music  
Go to her place, no don't do it  
Okay, go in  
Here we go again, just how it goes  
And that's what you know  
Whoah, whoah, whoah  
What you know What you know, I hit Tin Roof  
And sure I know it's just point bad news  
J. Grey serves, my old go-to  
And like clockwork, incoming call from you Everybody got that one love, that one kiss  
Keep thinking 'bout, what you're gonna miss  
As soon as they go  
Everybody got that one drink, that one song  
Drowns you out, takes you along  
Down memory road  
I drive my Chevy, crank the music  
Go to her place, no don't do it  
Okay, go in - here we go again, just how it goes  
And that's what you know  
Whoah, whoah, whoah  
What you know Whoah, whoah, whoah  
What you know  
My truck, and my keys  
Third time this week  
My low beams down that same old street  
One love, one kiss, one drink, one song  
I think of you, one sip I'm gone Yeah, everybody got that one love, that one kiss  
Keep thinking 'bout, what you're gonna miss  
As soon as they go  
Everybody got that one drink, that one song

Drowns you out, takes you along  
Down memory road I drive my Chevy, crank the music  
Go to her place, no don't do it  
Okay, go in  
Here we go again, just how it goes  
And that's what you know  
Whoah, whoah, whoah  
What you know Whoah, whoah, whoah  
What you know  
My truck, and my keys  
Third time this week  
My low beams down that same old street  
One love, one kiss, one drink, one song  
I think of you, one sip I'm gone Y'know I really thought I was moving on  
'Til that George Strait song came on
