

# Ordinary Angels

Craig Morgan

Seems like almost everyday  
Trouble carries us away  
And sometimes when we hurt  
We all need to be saved Every time I'm in too deep  
Someone always rescues me  
It's like heaven's sending down  
The help that I need Life like a chain  
Sometimes it breaks  
We all need a hand  
When we fall from grace It could be someone walking down the street  
A stranger on a bus  
A little kid on his way to school  
Or any one of us  
We all got a little superman, ready to take flight  
And save a life, oh, save a life  
Take a look around and you'll see  
Ordinary angels The world can make you feel so small  
Steal your dreams and make you crawl  
And break you till you got  
You got nothing at all When you're in that dark place  
And you need that embrace  
You know love is never too far away It could be a waitress at coffee shop  
You never saw before  
A soldier that's just coming home  
From fighting in the war  
We all got a little superman, ready to take flight  
And save a life, oh, save a life  
Take a look around and you'll see  
Ordinary angels It could be someone walking down the street  
A stranger on a bus  
A little kid on his way to school  
Or any one of us We all got a little superman, ready to take flight  
And save a life, oh, save a life  
Take a look around, you'll see  
Ordinary angels, ordinary angels
