# The Day You Die

## [Lindi Ortega](#)

You said you'd love me 'til the cows come home
Well I'm hopin' that they all go blind
Get lost along some dirt back road
And just hang around for someone else to findYou said you'd love me 'til the end of time
So I'm staring at that clock on the wall
Every day I give that thing a wind
And pretend that I ain't waitin' on your callOh why do I gotta do
All the silly things I do
Just tryin' to keep this love alive
Why does it gotta be
So damn hard for me
Just don't say you'll love 'til the day you die
You said you'd love me 'til the trains don't run
So I'm callin' up that old border man
I gotta make that train roll on
Well you might not but I sure give a damnOh why do I gotta do
All the silly things I do
Just tryin' to keep this love alive
Why does it gotta be
So damn hard for me
Just don't say you'll love 'til the day you dieOh why do I gotta do
All the silly things I do
Just tryin' to keep this love alive
Why does it gotta be
So damn hard for me
Just don't say you'll love 'til the day you die
Oh why do I gotta do
All the silly things I do
Just tryin' to keep this love alive
Why does it gotta be
So damn hard for me
Just don't say you'll love 'til the day you die
The day you die
