

# Up!

## Samantha Jade

We own the night  
We own the night  
So let's turn it, turn it, turn it  
And reach the other side  
We're flying high  
Flying so high  
And let's turn it, turn it, turn it up  
Tonight we're dancing in the sky  
You heard the legends, have you?  
But you're miles away from the sun  
You have to take me to heaven  
Turn it, turn it, turn it up  
When I feel your heart beating faster  
Beating faster than the drums  
You have to take me to heaven  
Turn it, turn it, turn it up  
Turn it up, up, up  
You know I like it up  
Turn it up, up, up  
And also turn it, turn it, turn it up, up, up  
It's going down tonight  
So turn it up, up, up  
Up, up, up  
Turn it up, up, up  
You know I like it up  
Turn it up, up, up  
And also turn it, turn it, turn it up, up, up  
It's going down tonight  
So turn it up, up, up  
Up, up, up  
We own the night  
We own the light  
So let's turn it, turn it, turn it up  
Tonight it's only you and I  
He owns the stars  
Shine like the stars  
So let's turn it, turn it, turn it up  
Tonight the world, the world is ours  
You heard the legends, have you?  
But you're miles away from the sun  
You have to take me to heaven  
Turn it, turn it, turn it up

When I feel your heart beating faster  
Beating faster than the drums  
You have to take me to heaven  
Turn it, turn it, turn it up  
Turn it up, up, up  
You know I like it up  
Turn it up, up, up  
And also turn it, turn it, turn it up, up, up  
It's going down tonight  
So turn it up, up, up  
Up, up, up  
Turn it up, up, up  
You know I like it up  
Turn it up, up, up  
And also turn it, turn it, turn it up, up, up  
It's going down tonight  
So turn it up, up, up  
Up, up, up  
You heard the legends, have you?  
You have to take me to heaven  
When I feel your heart beating faster  
Turn it, turn it  
So turn it up, let's turn it up  
So turn it up, up, up  
You know I like it up  
Turn it up, up, up  
And also turn it, turn it, turn it up, up, up  
It's going down tonight  
So turn it up, up, up  
Up, up, up  
So turn it up, up, up  
You know I like it up  
Turn it up, up, up  
And also turn it, turn it, turn it up, up, up  
It's going down tonight  
So turn it up, up, up  
Up, up, up
