

# Heaven (feat. Christon Gray)

## Da' T.R.U.T.H.

Oh Heaven I know you got something that's better for me  
Oh Heaven Forever is where we'll be young and free  
That's where we gonna be  
Oh Heaven I know you got something much better for me  
yeah Oh Heaven Forever we'll be young and free

It's where we gonna be

Oh Heaven All I know is I wanna go

Another hot summer we out here on the go

You say that God is coming but how can we really know

And in fact if I turn ma back in the days could he tell me no? no? uh

Who could tell me how to get in and say if i repent it forgive me for all ma sins

Skeptics say that we loco and going out on a limb but I've said it when life is over

That's when it really begins (that's when it really begins) yeah

Hope you catching ma drift

Boy you can't tell me nothing I promise I'm too convinced

That's why I got all this luggage I'm packing it for my trip  
But I heard them say that the heavens was not much better than this

this if it's this then I'm out get my things pack my bags and I'm gone

I just wanna be sure death is a friend to the righteous man going home

And forever is a long time to be wrong gone

Oh Heaven

I know you got something that's better for me

Oh Heaven

Forever is where I will be young and free

That's where we gonna be

Oh Heaven

I know you got something much better for me  
Oh Heaven

Forever we'll be young and free

It's where we gonna be

Oh Heaven Uh, tell me what are we to expect

Aside from the fact that we free from all the stress

Father please forgive me I ask with all due respect

But Lord I don't wanna be bored how will You keep it fresh?

When I get to the other side will I remember my family

My cousin uncles and aunts

Furthermore will ever hunger for love

Or put feelings aside recognizing which children are mine  
Man finally get the chance to see what was happening behind the scenes

Infinite wonders I never saw in my wildest dream

All the natural glory of God's creation beyond the seas

Perfected bodies without disease come with me

Like to welcome you to the new earth

Invitation only recipients are the new birth

Only imagine it well with creative genius

The industry is ever changing my sin to be a removed curse  
The music is gon' be crazy the artist gon be amazing  
The city life gon' be poppin' you know  
I can't wait to see race relations my mansion is gon' be crazy  
I'm probably in with the prophets you know  
Everything upgraded you know  
In the presence of greatness you know  
Forever we'll be surprised the end of all our desires  
It's up to you to decide you know  
Can't wait to go there  
Whole earth filled with his glory  
Grandmama up there it's holy  
Can't wait can't wait to go there  
Can't wait can't wait to go there  
Whole earth filled with his glory  
Grandmama up there it's holy  
Can't wait can't wait to go there What do I have to believe, to go to heaven right now?  
What do I have to believe, to go to heaven right now?  
Because today is our day, new beginning a new beginning  
And at last I will lift my voice and I will sing  
I will sing my song hallelujah  
Sit my crown at his feet and rejoice Because today is our day, new beginning a new beginning (i  
cant wait for that day)  
And at last I will lift my voice and I will sing my song hallelujah  
Sit my crown at his feet and rejoice  
Hallelujah hallelujah  
Sit my crown at his feet and rejoice  
Hallelujah hallelujah  
Sit my crown at his feet and rejoice  
Hallelujah hallelujah  
Sit my crown at his feet and rejoice  
Hallelujah hallelujah  
Sit my crown at his feet and rejoice  
Hallelujah hallelujah  
Sit my crown at his feet and rejoice  
Hallelujah hallelujah  
Sit my crown at his feet and rejoice  
Hallelujah hallelujah  
Sit my crown at his feet and rejoice
