

# Gotta Get Back My Baby

## Sting & Shaggy

I'm sitting here starin' at the four walls  
thinking what is it I gotta do?  
(get back my baby)  
Loneliness takin' over now  
and my heart's kinda heavy so i gotta  
(get back my baby)  
Feelin' kinda hopeless now  
I shoulda never messed around  
You never know what you got 'til the moment  
that you lose it  
I gotta get back my baby  
My girl, why, tell me what I gotta say now  
'cause I don't really wanna see you wave bye  
I can't bear all this pain in my heart  
I swear I won't lie, soon as you walk out the door  
Tell me why, I realise I can't live without you  
(yeah-h-h-h, ooooooh)I'm sitting here starin' at the four walls  
thinking what is it I gotta do?  
(get back my baby)  
Loneliness takin' over now  
and my heart's kinda heavy so i gotta  
(get back my baby)  
Feelin' kinda hopeless now  
I shoulda never messed around  
You never know what you got 'til the moment  
that you lose it  
I gotta get back my baby  
As she cries telling me that we're through  
I can't deny  
Won't deny all my bad dealing  
Can still give it a try  
Stop, goodbye  
She won't even look in the eye  
Baby I lo-o-o-o-ve, I love, love you  
I will do anything girl  
(Yeah-h-h-h ooooooh)I'm sitting here starin' at the four walls  
thinking what is it I gotta do?  
(get back my baby)  
Loneliness takin' over now and  
my heart's kinda heavy so i gotta  
(get back my baby)  
Feelin' kinda hopeless now

I shoulda never messed around  
You never know what you got 'til the moment  
that you lose it  
I gotta get back my baby  
At night I wonder, how did I commit such blunder  
now the pain is taking me under  
She deleted my number  
Nightmare awoke from my slumber  
I'm thinking baby what should I say  
Tell me where have you gone?  
Baby are you coming home?  
I need you by my side on my throne  
'cos I can't go a week without you girl  
I'm incomplete  
I'll do anything just to make it up  
(Yeah-h-h-h-h ooooooh) I'm sitting here starin' at the four walls  
thinking what is it I gotta do?  
(get back my baby)  
Loneliness takin' over now  
and my heart's kinda heavy so i gotta  
(get back my baby)  
Feelin' kinda hopeless now  
I shoulda never messed around  
You never know what you got 'til the moment  
that you lose it  
I gotta get back my baby
