The Danger Zone

Digital Underground

(Man, somebody's comin man, hurry up put the pipe down, shh be quiet)[Shock G]

Enter a new dimension

Can't you feel the tension

Ever heard the word prevention

Well you really need to pay attention

You only need a little bit

So you want another hit?

Call emergency on the telephone

You're in the danger zone("This lounge, you're in the danger zone" -- Erick Sermon) 4XVerse

One: Shock G

You're in the zone, when you need another upper (another upper)

You took a slip and goin out like a sucker (like a sucker)

Matter of fact, you're more than just slippin

You're way beyond control, you're on a mission (on a mission)

You walk right through a wall

To get a twenty, a forty or an Eight Ball

And once you enter this area

There ain't nothin scarier, all I wanna say to ya

Is just back the hell up (back the hell up)

You need to go where they let you do your thing in a cup (thing in a cup)

And you take a diagnosis

You see your boy Shock G wrote this (wrote this)

To open up your mind

Do you know who I am, deliverer of a rhyme

My job is to verbally slay suckers

Like an uzi spray motherfuckers (spray motherfuckers)

The Underground is gonna get ya

Now pay attention you're about to enter

[Shock G]

Into a new dimension

Can't you feel the tension

I'm sure, You heard the word prevention

So like I said pay attention

You only need a little bit

You still want another hit?

Even if it's home grown

Yo, You're in the danger zone("This lounge, you're in the danger zone" -- Erick Sermon)

4XVerse Two: Kenny KOn the corner, I see cocaine addicts (cocaine addicts)

Givin static and about to go at it (bout to go at it)

And then you hear somebody holler

(Who was it K?) It was Dopefiend Carla

She was waitin on a winner (on a winner)

That HOE, every night she has crack for dinner (crack for dinner)

But everybody's basin

Even the suckers who are runnin this nation

YES, I'm pullin no punches

The government gets drugs in bunches

Shock G get the nine

But don't shoot until I finish my rhyme

This zone, makes suckers stop breathin (stop breathin)

Sweat bullets drop down to their knees and

Start beggin for your pipe cause you're all in

Sometimes you can feel yourself fallin[Shock G]

Into a new dimension

Can't you feel the tension?

Don't let me forget to mention

The Underground is puttin their two cents in

What's the matter, feelin blue?

Does this record bother you?

If so, you need to leave it alone

You're in the danger zone("Just lounge, you're in the danger zone" -- Erick Sermon) 8XVerse

Three: Shock GCaught a red light downtown (downtown)

Freak was on the tip, cause my window was down

Stuck her head in the car, it was Dopefiend Carla

She said "Can you spare five dollars? I said hell no

She said "I'm not asking for much"

I said bitch, I'd rather give a crippled crab a crutch (crab a crutch)

She said "Why you wanna clown me"

I said "It's simple, I don't like fiends hangin round me

Can't you see, that you got a disease?

You weight sixty-six pounds, down from a hundred and three"

The light turned green and I was gone

She was livin in the danger zoneIt's a new dimension

Can't you feel the tension

You recognize this sound

Go on, just put the pipe down

What's the matter, feelin blue?

Does this record bother you?

If so you need to leave it alone

Punk, you're in the danger zone("Just lounge, you're in the danger zone" -- Erick Sermon)
