

# If You Wanna Love Somebody

Tom Odell

You should look at your reflection  
If you wanna see a lie  
You're heading in the right direction  
If you wanna pick a side  
Give me more perfection if you wanna see me cry  
Oh, if you wanna love somebody  
Oh, if you wanna love somebody  
I'm your guy, I'm your guy  
You should get your car a starting  
If you wanna be apart  
Go to the californian party  
If you wanna fuck a star  
And flick back through your memories  
If you want a broken heart  
Oh, if you wanna love somebody  
(If you want to love)  
Oh, if you wanna love somebody  
(If you want to love)  
Oh, if you wanna love somebody  
(If you want to love)  
I'm all yours, I'm, I'm all yours  
Lie oh, lie oh, lie  
I'll be waiting  
Cry, oh cry, oh cry  
Oh, I'll be waiting, oh  
Til you decide  
You wanna be in love  
You really shouldn't let me hold you  
If you wanna just pretend  
You gotta make your kiss a little colder  
If it's ever gonna end  
Lay your hair upon my shoulder if you just need a friend  
Oh, if you wanna love somebody  
(If you want to love)  
Oh, if you wanna love somebody  
(If you want to love)  
Oh, if you wanna love somebody  
(If you want to love)  
I'm your man  
I'm your man, oh  
Lie, oh lie, oh lie  
I'll be waiting  
Cry, oh cry, oh cry  
Yeah I'll be waiting  
'Til you decide  
You wanna be in love  
You wanna be back in love  
You wanna be back in love

Do you wanna be back in love?  
You gotta know that by now  
You've gotta know that by now  
You've gotta know that by now  
You've gotta know that by now Oh, oh, oh  
Oh oh, oh oh  
Oh oh, oh oh oh  
Oh oh, oh oh
