

If You Wanna Love Somebody

Tom Odell

You should look at your reflection
If you wanna see a lie
You're heading in the right direction
If you wanna pick a side
Give me more perfection if you wanna see me cry
Oh, if you wanna love somebody
Oh, if you wanna love somebody
I'm your guy, I'm your guy
You should get your car a starting
If you wanna be apart
Go to the californian party
If you wanna fuck a star
And flick back through your memories
If you want a broken heart
Oh, if you wanna love somebody
(If you want to love)
Oh, if you wanna love somebody
(If you want to love)
Oh, if you wanna love somebody
(If you want to)
I'm all yours, I'm, I'm all yours
Lie oh, lie oh, lie
I'll be waiting
Cry, oh cry, oh cry
Oh, I'll be waiting, oh
Til you decide
You wanna be in love
You really shouldn't let me hold you
If you wanna just pretend
You gotta make your kiss a little colder
If it's ever gonna end
Lay your hair upon my shoulder if you just need a friend
Oh, if you wanna love somebody
(If you want to love)
Oh, if you wanna love somebody
(If you want to love)
Oh, if you wanna love somebody
(If you want to)
I'm your man
I'm your man, oh
Lie, oh lie, oh lie
I'll be waiting
Cry, oh cry, oh cry
Yeah I'll be waiting
'Til you decide
You wanna be in love
You wanna be back in love
You wanna be back in love

Do you wanna be back in love?
You gotta know that by now
You've gotta know that by now
You've gotta know that by now
You've gotta know that by now Oh, oh, oh
Oh oh, oh oh
Oh oh, oh oh oh
Oh oh, oh oh
