

Couple of Kids

[Maggie Lindemann](#)

Take me back to the night we met in the yard
Climbing up to the roof hidden in the dark
With a bottle of wine for two
Though I'm already drunk off you
Then we both fell asleep underneath the stars
We're young and naive and you're telling me that someday we'll run off together
I'm starting to think I'm stuck in a dream
Cause we're young and we don't know better
Now I'm fallin heavily, recklessly
Trying not to lose my sensibility
But gravity, it pulls me into you
We're just a couple of kids
We're just a couple of kids
Sneaking out late for a kiss
Cause we're just a couple of kids
When I'm wrapped in your arms, I never feel a thing
Livin' life on a whim, it's never a routine
And it's troubling to live this way
When you never know where you'll stay
But we live and we learn, I wouldn't change a thing
We're young and naive, and you're tellin' me
That someday we'll run off together
I'm starting to think, I'm stuck in a dream
Cause we're young and we don't know better
Now I'm fallin' heavily, recklessly
Trying not to lose my sensibility
But gravity, it pulls me into you
We're just a couple of kids
We're just a couple of kids
Sneakin' out late for a kiss
Cause we're just a couple of kids
Cause we're just a couple of kids
Now I'm fallin' heavily, recklessly
Trying not to lose my sensibility
But gravity, it pulls me into you
We're just a couple of kids
We're just a couple of kids
Sneakin' out late for a kiss
Cause we're just a couple of kids
