

# Rescue Me (feat. A Day to Remember)

## Marshmello

Never been saved, but I've never come closer  
Another year down and another year older  
A million fresh starts, what I needed, it was closure, yeah I lost who I was, but I found my  
composure, yeah When I found you, I found me  
Nothing around, far as I could see  
You were the current that carried me  
When I found you, I found me  
Locked in the sands, only you can read  
My S.O.S., yeah, you rescued me  
Rescued me When I found you, I found me  
Locked in the sands, only you can read  
My S.O.S., yeah, you rescued me  
Call it high-strung, started upping my dosage  
We are way too young, to be feeling this hopeless  
You're my light in the sinless ocean, yeah  
Feeling alive, even just for this moment, yeah When I found you, I found me  
Nothing around, far as I could see  
You were the current that carried me  
When I found you, I found me  
Locked in the sands, only you can read  
My S.O.S., yeah, you rescued me  
Rescued me When I found you, I found me  
Locked in the sands, only you can read  
My S.O.S., yeah, you rescued me You know my S.O.S.O.S.  
You know my S.O.S.O.S.  
When I found you, I found me  
Nothing around, far as I could see  
You were the current that carried me  
When I found you, I found me  
Locked in the sands, only you can read  
My S.O.S., yeah, you rescued me  
Rescued me When I found you, I found me  
Locked in the sands, only you can read  
My S.O.S., yeah, you rescued me  
Rescued me
