

# Hard Not to Love You

Jake Owen

I've always been the kind of man to jump the gun, and cut and run. Stayin' one step ahead of that  
ol' ball and chain.

Settlin' down never crossed my mind. It was easier to leave the knot untied. It looks like a lot of  
things have changed. Chorus You're makin it hard not to love you

Makin it tough on a man like me

Who's always found a way to get around this kind of thing

'Cause when you put your lovin' on me

I can't help feelin' like I do

Girl, you're makin it hard not to love you This mornin when you kissed my cheek

I was sufferin from a lack of sleep

'Cause we stayed up makin love half the night

Well I must have got my second wind

'Cause just like that it was on again

Nothing's ever been easier for me in all my life (Girl) Repeat Chorus

Yeah baby when you put your lovin on me

I can't help feelin' like I do

Girl, you're makin' it hard not to love you

Baby, you're makin it hard not to love you

hard not to love you

Yeah, you're makin' it hard
