

Deathless (feat. Kamasi Washington)

Ibeyi

He said, he said
He said, he said
Do you smoke?
What's your name?
Do you know why I'm here?
She was, she was
Innocent
Sweet sixteen
Frozen with fear Whatever happens, whatever happened (oh hey)
We are deathless
We are deathless
Whatever happens, whatever happened (oh hey)
We are deathless
We are deathless
He said, he said
You're not clean
You might deal
All the same with that skin
She was, she was
Funny looks
With her books
Left for dead in the streets Whatever happens, whatever happened (oh hey)
We are deathless
We are deathless
Whatever happens, whatever happened (oh hey)
We are deathless
We are deathless
Whatever happens, whatever happened (oh hey)
We are deathless
We are deathless
Whatever happens, whatever happened (oh hey)
We are deathless
We are deathless
