Operation Ground and Pound

DragonForce

Smashing through the boundaries
Storming through the burning fields
Stand before the evil one, on towards the morning sun
Falling under skies of painStill we're searching endlessly
Crashing over seven seas

Torturing the winter sky, riding over plains of ice Shadows in the fields of the slainCrashing steel and raging fury Smash the quest, destroy their army

Crush the legions of the twilightTemplars of steel will burn Cry far away, as we reach for the day

Blasting our way through the punishment and the pain Reach for the world, as the sky begins to fall

Rising through the darkened ashes praying that I'll see you all

Far away, will our eyes now see the day For today, the everlasting eternal sun

Washed away, the dreams of a brighter day

Forever hold the dream insideThe chance to fight another fight The breaking hearts that stand for all our li-i-ivesLive tonight

Woahooaaaaoooh!

Woahooaaaoooaaaoooh!

Watch you die I watch you die inside

Fear controls your life

And reject this animosity

That kills so many minds

You feel the power deep within

The fear you hold inside

Just to find the reason for the treason

Now you will be mineScreams of pain in death descending

Rise again from hell defending

Burn their heart within the fire

Warriors of light will be slainRise through the pain, like the sun will rise again

Day after day but the memories never change

Stand before the storm, as the last horizon falls

Blinded by the vision and the innocence of our souls

Far away, will our eyes now see the dayFor today, the everlasting eternal sun Washed away, the dreams of a brighter dayForever hold the dream inside

The chance to fight another fight

The breaking hearts that stand for all our li-i-ives

Live tonight

Far away, will our eyes now see the day For today, the everlasting eternal sun Far away, will our eyes now see the day For today, the everlasting eternal sun
Washed away, the dreams of a brighter day
Forever hold the dream inside
The chance to fight another fight
The breaking hearts that stand for all our li-i-ives
Live tonight
