

# HOPE

## Tenacious D

Hope is a doggy  
A sweet doggy  
Standing next to a rose  
A flower grows in the soil  
There's still hope for life to exist  
For us to survive  
To thrive and survive  
And find a way to live our lives  
And live through this nuclear holocaust  
Let's get it on How will we survive?  
With a little luck  
And patience  
And know-how  
And love  
We will survive  
The nuclear holocaust  
Yeah yeah yeah yeah yeah  
We will survive  
And we will thrive  
Must stay alive and we will strive  
To make it to the top of the mountain  
There shall be dragons and there shall be gorgons  
There shall be many beasts with no name  
Our trust doggy will be there to save the day  
Hope will find a way  
Hope will find a way
